## About this item

- **Smart, Modern Design:** Lark Mug's modern beauty is streamlined with the finest craftsmanship. It can last throughout the day and is perfect for both formal and informal use. This is one of our premium mugs with a smooth glossy finish and a scratch-proof body on the outside.
- **Innovative Technology:** The water inside it can easily stay warm or ice cold for 8 to 10 hours straight because of the twin wall vacuum insulation technology, which ensures maximum temperature retention. This happens because the level of condensation reduces with the help of the double wall temperature shield.
- **Absolute Comfort:** The flip-up cover, which is super easy to open and close, provides ultimate comfort and portability and has a comfortable gripping body and a wide mouth opening, making it super easy to fill and clean.
- **Outdoor Friendly:** There is zero water leakage because of the built-in triple sealing rings making it perfect for outdoor usage. Your carry bag or backpack truly is a one-size-fits-all item. Additionally, it is leakproof, preventing spillage.

- **Superior Quality:** Our mug is entirely BPA-free. Food-safe materials have been used, which are free of any toxin chemicals. The mug material is also 304 food-grade stainless steel, making it rust and break-proof. So now you will always have a healthy and fresh sip wherever you are.
