UBON Power Champ 2.0 Cordless Extension Board with USB Ports & 3 Universal Sockets with Individual Switch Buttons & LED Indicators, Short Circuit

Protection, Compatible for Electronic Devices (White)

## About this item

- **Multi-Socket Extension Board:** UBON EXT-106 Cordless Extension Board comes with 3 universal sockets and 2 USB-2.0 ports that can supply stable power to multiple electronic devices at the same time. The EXT-106 offers 240 volts alternating current to enhance efficiency and performance.
- **Premium and Portable Design:** The UBON EXT-106 Extension Board comes in a classic and trendy look. Its portable and ergonomic design raises the standard of the product. You can carry this board wherever you want. Its user-friendly design enhances its efficiency.
- **Universal Compatibility and 6 AMP Stable Power Output:** EXT-106 Cordless Extension Board is universally compatible with set-top boxes, tablets, LED boards, Televisions, Computers, laptops, and many more electronic peripherals. The EXT-106 supplies 6-amperes of stable power to the connected devices for maximum power.
- **LED Indicator and On/Off Buttons:** The EXT-106 Wireless Extension Board comes with 2 power buttons and LED indicators. You can turn off and on the sockets at will. Connected devices receive safe and maximum power at a 6-ampere power output.
- **Smart Protection & Low Power Consumption:** The EXT-106 extension board is equipped with a smart protection system to guard against short-circuit and improve the safety standard of the extension board. Furthermore, the EXT-106 consumes low energy and delivers maximum power to the devices.
