About this item

- [ADJUSTABLE HEIGHT & MULTI-ANGLE]: This tablet stand can be raised and lowered to fit your eye level perfectly, which helps reduce strain on your neck and keep a more comfortable posture. Also, the stiff hinge allows you to adjust angles freely while you are in FaceTime, Zoom Meetings or Calls, cooking or reading recipe in the kitchen, etc.
- [STURDY & ANTI-SLIPPING]: Equipped with weighted metal base and stiff hinges, this adjustable tablet holder keeps your devices stably without wobbling or tipping in portrait or landscape mode when you are typing or clicking on the screen. Besides, non-slip rubber pads are covered on the cradle and bottom to prevent slippage and scratches.

- [FOLDABLE & PORTABLE]: Compared with other stands, our desktop iPad stand can be folded totally flat. Easy to put into your pocket or bag with only taking up a little space for travel or bring out everywhere.
 - [FRIENDLY DESIGN]: The phone stand holder avoids unnecessary rubbing or scratches due to its sleek & smooth surface. 2 deep hooks can hold your devices with case securely without obstructing the screen or side buttons. Besides, there is an opening area for you to charge devices when you are streaming, watching YouTube videos, reading, video calls, etc.
 - [WIDE COMPATIBILITY]: The tablet stand for desk is widely used for phones & E-readers with case.
