Product Description**Flip display clock with touch light / snooze function**

[Add the flip display](#) clock to the hamper of corporate gift items and give it to your customers on special occasions. It has a unique display with a flipping effect. The numbers in the display keep changing as the digits fall one over the other. The touch panel can be used for snoozing, backlighting and turning on or off the alarm. There are also rotating dials on the side in case there is a need to change modes and adjust the settings of the clock. The add to benefit is that this clock also offers a humidity & temperature display. It works on 2 x AA batteries.
