## Product Description

Pebble Pace Pro Smart Watch with 1.7" Bright HD Curved Display, Dedicated Dual Sensors for 24x7 SpO2, HR BP Monitoring, Multiple Fitness Modes, Sleep Tracking, Long Battery, IP68 Rated

(PFB14 Jet Black)

[Product Link](#) Advanced Dedicated Dual Sensors: Pebble

Pebble Pace Pro comes with [dedicated dual sensors] that accurately monitors [SpO2, HR & BP] real-time [24x7 continuously]. The smart watch also monitors [sleep pattern] and suggests lifestyle changes based on sleeping habits. P.s. This product is not a medical instrument and we recommend medical grade oximeter for treatment. Massive 1.7" Bright HD Curved Display: Pebble Pace Pro houses a massive [1.7" curved bezel-less] [bright HD display], with [premium metal alloy body] and soft silicon sweat resistant straps.; Easy Access Menu & Smart Notifications: The [Easy-access intelligent menu] shortcut of Pebble Pace Pro enables quick launch of frequently used apps & features just by swiping left from the home screen. The [smart notification] keeps you informed about all important [emails, messages] and lets you mute a phone call from the Smart Watch. Complete Fitness Suite with massive battery back-up: Pebble Pace Pro Smart Watch comes with [8 Sports modes] and [accurate step pedometer] that monitors steps taken and calories burnt accurately throughout the day. The massive battery makes sure it lasts [up to 15 days] of active usage. Customizable Watch Faces & Swappable Straps: The Smart Watch is designed to accessorize you and comes with [100+ watch faces] & [changeable straps]. Now mix and match your Pebble Pace Pro with your attire and mood. Item Type Name: Smartwatch; Human Interface Input: Touch Screen buttons; Included Components: Smartwatch, Strap, Charger, User Manual, Warranty Card; Compatible Devices: Smartphone; Connectivity Technology: Bluetooth; Band Material Type: Silicone
